Statement on EU REACH Directive

The Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) Regulation requires the identification of Substances of Very High Concern (SVHC) contained in articles above the threshold 0.1% w/w manufactured and marketed in the EU (Legal Reference EC 1907/2006).

In accordance with Article 33(1) of the REACH regulation, this communication applies to the below-referenced products included with this statement. Endress+Hauser products are manufactured in a way that the release of chemicals under normal and foreseeable circumstances does not take place.

Information is provided for all downstream users as soon as we become knowledgeable that our products consist of more than the above threshold.

See the table for the respective valid list: <https://echa.europa.eu/en/candidate-list-table>

Furthermore, the EU REACH Regulation restricts the manufacture, sale, or use, within the European Union, of substances listed in REACH Annex XVII. Restriction specifications and usage parameters are described in each substance's Annex XVII entry.

Endress+Hauser responsibly implements the restrictions of this list and, at the time of this declaration, does not manufacture or distribute any products containing substances from the currently valid REACH list of Annex XVII.

See the table for the respective valid list: <https://echa.europa.eu/en/substances-restricted-under-reach>

Endress+Hauser believes that the information it provides above is accurate. The information provided is based on data obtained from ongoing due diligence concerning goods and materials provided by third-party suppliers. Endress+Hauser provides such information "AS IS", without any express or implied warranty of any kind. Endress+Hauser reserves the right to update and modify this communication, as it believes necessary or appropriate.

- Customer Information on REACH
- Change Log

Recapitulation of the regulation of REACH (EC 1907/2006)

1. REACH is a new European Union regulation concerning the Registration, Evaluation, Authorization and restriction of Chemicals. It came into force on 1st June 2007. A major part of REACH is the requirement for manufacturers or importers of substances to register them with a central [European Chemicals Agency \(ECHA\)](#). REACH applies to substances manufactured or imported into the EU in quantities of 1 ton per year or more.
2. REACH requires [manufacturers and importers](#) of a [substance on its own or in a preparation](#) to communicate how their substances or preparations can be used safely for humans and environment. The main instrument for this communication down the supply chain is the [Safety Data Sheet](#) (SDS). The manufacturer, importer or downstream user will prepare the SDS according to a similar principle as he did before REACH came into force. The main difference is that when required, the SDS will also have an annex including [exposure scenarios](#) specifying the conditions under which the substance or preparation can be used safely, for uses that have been identified. The quality of the SDSs is expected to improve due to REACH as more information will be available because of the registration process.
3. Suppliers of [articles](#) shall inform their customers about substances of very high concern contained in concentrations above 0.1%. Also, consumers can request such information.
4. REACH requires all substances that are intended to be released from articles during normal and reasonably foreseeable conditions of use to be registered according to the normal rules, if they are produced or imported in quantities exceeding 1 ton/year per producer or importer. In addition, all substances included in the [candidate list](#) and which are present in articles above a concentration limit of 0.1% weight by weight and above 1 tons per year must be notified to the agency (ECHA).
5. [Downstream users](#) have a right to make their use known to the supplier and in doing so have to provide sufficient information to prepare an exposure scenario. This upstream communication will play an important role when a registrant prepares a chemical safety report, including exposure scenarios if required, as a part of the registration dossier.

**Customer Information as per Art. 33 (1) of the REACH Directive EC No. 1907/2006
(To the current Candidate List of substances of very high concern for Authorization)**

The products listed below contain sub-products with an SVHC content of over 0.1 % w/w.

SVHC > 0.1 % w/w		CAS-No.

Interfaces	RLN22 / RLN42	

SVHC > 0.1 % w/w		CAS-No.
1,2-dimethoxyethane, ethylene glycol dimethyl ether (EGDME)		110-71-4
Products Description	Order Information	Component w. SVHC
Liquiline	CM42B	Accu
Memograph M	RSG45	
Promag	5hq***	Power Supply
TDLAS Gas Analyzer	SS2100	LCD-Display

SVHC > 0.1 % w/w		CAS-No.
Perfluorobutane sulfonic acid (PFBS) and its salts		---
Products Description	Order Information	Component w. SVHC
Liquisys	CCM223, CLM223, COM223, CPM223	Housing
Sampler	RPx20B	Electronic

SVHC > 0.1 % w/w		CAS-No.
Diboron trioxide		1303-86-2
Products Description	Order Information	Component w. SVHC
Indumax	xLS50 / 50D CLS54D	Electronic
Liquiline	CM42 / CM442 / CM442R / CM444 / CM444R / CM448 / CM448R / CM44P	
Liquiline Control	CDC90	
Liquiline System	CA80AM / COD / PH / TP / AL / HA / SI / TN / FE / CR / NO CA82HA	
Liquistation	CSF34 / 39 / 48	
Smartec	CLD18 / OCLD18	
Turbimax	CUD50D / 52D	
TDLAS Gas Analyzer	SS2100	Hydrocarbon Detector

SVHC > 0.1 % w/w		CAS-No.
Cadmium oxide		1306-19-0
Products Description	Order Information	Component w. SVHC
Prosonic	FMU-	Piezo disc
Liquiphant	FTL-	
Soliphant	FTM-	

SVHC > 0.1 % w/w		CAS-No.
1,3,5-Triazine-2,4,6-triamine		21840-08-4
Products Description	Order Information	Component w. SVHC
Promag	5hq***	Cable tree

SVHC > 0.1 % w/w		CAS-No.
Trilead bis(carbonate)dihydroxide		1319-46-6
Products Description	Order Information	Component w. SVHC
Panel Meter	RIA452	Electronic
Density calculator	FML621	
Energy manager	RMC621	

SVHC > 0.1 % w/w		CAS-No.
Bumetrizole		3896-11-5
Products Description	Order Information	Component w. SVHC
Promass	a8cq***	LCD Modul
	8pc**	
t-mass	a6dA***	
	a6dq***	
Chemoclean	xPR30	Sealing insert
Cleanfit	CPA450	
Indumax	xLS54	
Smartec	CLD18 / 132 / 134	

SVHC > 0.1 % w/w		CAS-No.
Dicyclohexyl phthalate (DCHP)		84-61-7
Products Description	Order Information	Component w. SVHC
Ceraphant	PTP- / PTC-	Protect vent
Cerabar	PMC- / PMP-	

SVHC > 0.1 % w/w		CAS-No.
6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol		119-47-1
Products Description	Order Information	Component w. SVHC

Change Log

SVHC Substance	Change
Bisphenol A (CAS 80-05-7)	New SVHC declaration added covering multiple product families.
Triphenyl Phosphate (CAS 115-86-6)	New declaration added for Liquistation products.
Phenol, 4-nonyl-, branched (CAS 84852-15-3)	New declaration added for several analytical and sensor product families.
Hexahydro-methylphthalic anhydrides	New declarations added for Cleanfit, Cleanfit Control and Liquiline Control product families.
2-(Dimethylamino)-2-[(4-methylphenyl)methyl]-1-[4-(morpholin-4-yl)phenyl]butan-1-one	New declaration added for Liquiline System products.
Bis(4-chlorophenyl) sulphone (CAS 80-07-9)	New declaration added for Liquiline System products.
Decabromodiphenylethane (DBDPE) (CAS 84852-53-9)	New declaration added for Prosonic product family.
Bis(2-(2-methoxyethoxy)ethyl)ether (CAS 143-24-8)	New declaration added for Liquistation products.
Diboron Trioxide (CAS 1303-86-2)	Product scope extended with additional Liquiline, Liquiline System, Liquistation, Smartec, Turbimax and Indumax product families.
Tetrabromobisphenol A (CAS 79-94-7)	Product scope updated.
Bumetrizole (CAS 3896-11-5)	Product scope extended with additional product families.
6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol (CAS 119-47-1)	Product scope significantly expanded.
